WELCOME TO SPIRIT OF THE WEST ADVENTURES AND THE REALM OF THE ORCAS

TRIP OVERVIEW

This four-day basecamp style trip is perfect for families with younger children who want to experience the magic of the **Johnstone Strait - realm of orca & humpback whales** in a safe and comfortable environment. While our other sea kayaking trips generally have an age limit of twelve, this trip can accommodate the needs of families with children ages five and up. Our experienced team of guides will introduce kayaking to your family in a fun and welcoming manner, and everyone will get the chance to explore and learn about the natural environment in this wildlife-rich area of the Pacific Northwest.

THE AREA

Vancouver Island is the best place on earth to see killer whales in the wild. Most of British Columbia's 300 or so orcas return to these waters to feed, sleep, play, and rub their bodies on the pebble beaches of world famous Robson Bight Ecological Reserve. And there's no more exciting way to encounter pods of these fascinating animals than from the seat of your very own sea kayak. Also sharing this diverse habitat are dolphins, porpoises, sea lions, harbour seals, humpback whales, eagles and black bears, to name just a few.

UNFORGETTABLE MEMORIES TOGETHER AS A FAMILY

CUSTOMIZE YOUR TOUR

We understand that families will have varying degrees of comfort when it comes to camping and kayaking, therefore we offer a lot of flexibility in this trip. This tour can be offered either as a basecamp style trip where we set up camp and paddle from that location every day, or as an expedition style trip where we pack up camp every night and set up at a new site. While both of these trips would offer a variety of paddling every day and would be based in the prime location for wildlife sightings in the Johnstone Strait, we want to accommodate families that may or may not want to pack up camp every night. **This information package describes the basecamp trip; please give us a call if you are thinking about booking this tour, and we can further discuss the options with you.*

ABOUT THE PADDLING ROUTE

The Orca Family tour is based in the heart of the action of Johnstone Strait. This trip launches from picturesque Telegraph Cove and offers paddling options in the west end of the Johnstone Strait and Blackfish Sound, to return to Telegraph Cove four days later. This area of the coast has a true rugged northwest feel with its lush temperate rain forests, rolling mountains, and an abundance of seabirds and marine wildlife including the infamous transient and resident pods of killer whales.

THE HANSON ISLAND BASECAMP

We will camp at our Hanson Island basecamp which is built up with tent platforms, and rustic driftwood

counters in the kitchen for cooking. This site is tucked away in an open forest, and has a gravelly beach that faces west to catch the summer sunsets as they bring a long and exciting day to a close. A comfortable, established site is the perfect place to base ourselves for exploring the local area.

THE ORCA FAMILY MENU

Our menu provides hearty and nutritious meals for the whole family. The meals include breakfast, lunch and dinner, and plenty of snacks for hungry paddlers. Our menu for this trip is slightly different from our regular trips in that it attempts to provide “kid-friendly” options or alternatives for certain meals. This is another area of this trip where we are love to be flexible and work with your needs as a family to accommodate allergies, dietary restrictions, and to ensure that your kids will be happy with our food.

LISTENING TO THE WHALES SING

We are equipped with a portable underwater hydrophone so we can listen to the beautiful songs of the orca as they pass while we are paddling.

MOST IMPORTANTLY – THE FUN!

Above all else, we want to make sure that everyone in your family has fun on this kayaking trip! Our trained guides will help to keep your family happy with games, activities, and stories around the campfire that everyone can enjoy. We hope you can join us!

SAMPLE ITINERARY

PRE-TRIP MEETING

DAY PRIOR

Your guides will go over the logistics of the tour and answer any questions or concerns you may have. This meeting will be held in the lounge at the Heriot Bay Inn on Quadra Island at 6pm the day prior to departure.

If you cannot make it to the meeting just be sure to call our office the day before departure to confirm your arrival.

The Heriot Bay Inn has one of Quadra Island's best restaurants and is located right at the beach so you may want to consider having a lovely dinner there after the meeting.

MEETING LOCATION

Quadra Island, Campbell River or Telegraph Cove

On the morning of the tour, your guides will pick you up from Quadra Island/Campbell River in the Spirit of the West van and transport the group up to Telegraph Cove. Families can also drive up to Telegraph Cove in their own vehicle and meet the group there.

THE TOUR

DAY 1

On the morning of the tour, your guides will pick you up from Quadra Island/Campbell River in the Spirit of the West van and transport the group up to Telegraph Cove. Families can also drive up to Telegraph Cove in their own vehicle and meet the guides there.

From here we will go over the kayaking basics and essential safety procedures before heading off on our expedition. A certified water taxi will whisk us across Johnstone Strait to be dropped right our camp on Hanson Island. Our first day will be spent exploring the shore of Johnstone Strait on the lookout for the Northern Resident killer whales and other marine life.

DAY 2 & DAY 3

On days 2 and 3 we will paddle the waters of the Johnstone Strait and possibly up to the nearby Blackfish Sound. Our route each day will depend on weather, currents and group desires. Each night we will stay at the established Hanson Island basecamp, saving the chores of packing up camp each day. There is a lot of flexibility on these days and ultimately we will chose the best route based on the weather and the group's strengths and desires.

DAY 4

On day 4, after another hearty breakfast, we will pack up our gear for the water taxi ride back to Telegraph Cove. We'll have some time to explore the Bones Project, a museum with educational displays of coastal wildlife in BC, including whole skeletons of seals, otters, and whales. After a picnic lunch in Telegraph Cove, we will load up into our van and transfer back to Campbell River and Quadra Island.

FREQUENTLY ASKED QUESTIONS

Below is a list of commonly asked questions. If you have any further questions or concerns please do not hesitate to call us.

What is included? What do I need to bring?

There are no additional costs once on our tour. On our guided tours we supply everything that you will need for kayaking and camping except for a few personal items such as a sleeping bag and rain gear (these can be rented if needed), your clothes and toiletries. We are happy to pick you up free of charge from your accommodation on Quadra Island on the morning the trip starts and we will drop you off there when the tour is finished. All other transportation, food, gear, etc, while on trip is included in the cost of the tour. Once the tour begins we provide all meals and non-alcoholic beverages (wide selection of teas, coffee, juices, hot chocolate) from morning snack on day one to lunch on the last day. You are welcome to bring your favourite wine, beer or pop, but this is not included in the tour price. There is a grocery and liquor store very close to the location of the pre-trip meeting if you would like to pick up extra beverages on the evening before the tour.

How much kayaking experience is required to join this trip?

No experience is required for our kayak tours! Our adventures are for everyone. Our trips are designed to cater to all levels of experience and abilities. The majority of people who join our tours are first time kayakers. All that we ask is that you welcome adventure with an open mind and are able to laugh and have fun when encountering the unexpected.

Do I need to be in great shape for this trip?

No. Our adventures are not considered to be overly strenuous or physically demanding, and we do not require a high level of fitness. We just ask that you are capable of a few hours of moderate exercise each day.

Keep in mind that good general health will go a long way if we happen to encounter some strong winds or time restrictions. Most important is an adventurous spirit.

Are there any age requirements?

This tour is designed specifically for children ages five and up.

How much paddling is generally done in a day?

Paddling time will vary depending on our daily plans and the family abilities and desires.

How stable are the kayaks? What is the likelihood of flipping over?

The kayaks we use on our tours are stable and designed for comfort. For those a little concerned, the double kayaks are slightly more stable than the singles. The likelihood of a capsizing is minimal, and generally only occurs in an uncommon situation.

What happens if my kayak flips over?

If for some reason your kayak flips over, all of our guides have ample practice time on the water with rescue procedures, in order to quickly and efficiently get you back in your boat. At this point we will take you to the nearest shore to change into some warm cozy clothing and carry on with our journey. While we are out on the water, it is of the utmost importance that the group sticks together in the event of capsizing or change of route plan.

What if the weather turns bad?

Will I be comfortable and warm?

Our weather in the Pacific Northwest is generally pleasant from May through until the end of September. The temperature will vary slightly depending on which area you visit.

In the Johnstone Strait area, the weather will generally be cooler than what you may see on the forecast for Campbell River – sometimes by as much as 10 degrees. Fog is very common on summer mornings, however this nearly always clears at midday to make way for clear skies and sun. Although it is uncommon, it can rain in the summer. A good rule of thumb is to be prepared for any type of weather and you will stay comfortable. Layering is the key, and it allows you to put on or take off layers while on the water if you need to.

What sort of wildlife might we see on the tour? What are the chances of seeing killer whales?

The diversity and abundance of wildlife in the Pacific Northwest is one of our privileges. With river run-off from the mountains, ocean currents, tiderips, eddies and upwelling these waters are among the most productive on earth. From the rich marine life of colourful plants and invertebrates, seabirds, shorebirds, waterfowl, mink, otter, seals, sea lions, dolphins, and whales, to the land animals of deer, raccoons, cougars, wolves and bears, we are bound to see something. For those with an eye for eagles take note that they are most prominent in the earlier months before the salmon migration in the late summer/early fall.

On the Family Orca Tour we move between the open waters of the Strait and the intricate islands surrounding Hanson Island. The days we spend in the more open waters of Johnstone Strait are the most likely time for us to encounter larger marine mammals such as Orcas and Humpback whales. As we travel deeper into the islands, keep your eyes peeled for dolphins, porpoise and all of the land animals with which we share this beautiful ecosystem. Please remember though that these whales are wild and can travel large distances in a day. You have put yourself in the best possible location for viewing and now you just have to see what mother nature provides.

How close do we paddle to the Orcas?

Day to day travel patterns for whales are unpredictable, so we travel in the most likely places to encounter them in order to maximize our opportunities to view them. Hearing the blow of a whale even from a mile across the Strait will create a sensation of excitement. Note that in accordance with industry whale watching regulations **we do not approach killer whales within 200 meters and all other whales within 100 meters.** This is out of respect for the whales space and to ensure that we do not interfere with their natural behaviour.

What is the camp set up like?

All of our campsites are in wilderness settings. The Hanson Island site is established with tent platforms, kitchen area and outhouse.

Where do we wash? Are there toilets?

There is very little fresh water in the Johnstone Strait area. Therefore, seawater is your best bet for washing up. Please use biodegradable, environmentally friendly soap brands. There is an outhouse at the Hanson Island campsite.

Where can I leave luggage that I won't need on trip?

If you are staying on Quadra Island, many of the B&Bs offer free luggage storage - simply check with your host. Alternatively, guests staying on either Quadra Island or in Campbell River have the option of storing excess luggage at our office. Please ensure that your luggage is clearly labelled with your name, tour and trip date, and leave it with us on the first day of your tour for return to our office.

Where can I leave my vehicle while on tour?

Free parking will be available for your vehicle while on tour with us. Many of the accommodations on Quadra Island also have free parking included with your stay. Parking is also available at Telegraph Cove for a daily fee. Parking details will be discussed further at the pre-trip meeting.

If I would like to tip the guides, what is the industry standard?

If you would like to express your appreciation to the guides through a gratuity, such recognition would be enthusiastically received. The industry standard for tipping is approx. 10% per person of the trip cost. All tips received will be collected and disbursed amongst your guides & basecrew by the trip leader.
