AN EXCLUSIVE COASTAL ADVENTURE

4 DAYS / 3 NIGHTS OF SEA KAYAKING, WHALE WATCHING & GLAMPING IN BLACKFISH SOUND

Please read through this package of information to help you to prepare for your tour. Please also remember to return your signed medical information form as soon as possible and read and understand the liability waiver which you will be asked to sign upon arrival. We hope you are getting excited for your unique vacation.

ITINERARY

Our adventure begins the moment we step off the docks of Campbell River and Quadra Island onto our high speed water taxi. Relax in comfort as we whisk you up the scenic waterways of the Inside Passage to our remote wilderness camp on the edge of Blackfish Sound.

You can meet either on Quadra Island or at Way West Coastal Ventures & Water taxi in Campbell River. If meeting in Campbell River, please call our office to let us know. Spirit of the West Adventures is based on Quadra Island (a 10 minute ferry ride from Campbell River) and this is where our tour starts. We highly recommend making Quadra Island a part of your vacation plans. Our beautiful island has a whole different and laid back feel to it, complete with endless opportunities for outdoor activities, beaches to relax on, amazing accommodations and great local artisans.

DAY PRIOR

A pre-trip meeting at 6pm at the Heriot Bay Inn on Quadra Island gives us a chance to answer any questions you may have, and for you to meet your guides

and fellow kayakers. Your guides will go over the logistics of the tour and answer any concerns you may have. If you cannot make it to the meeting, please be sure to call the day before departure to confirm your arrival. This allows us to confirm the exact departure time and location, or to alert you if there are have been any last minute changes. For details on how to get here, please see our Getting Here page on kayaking-tours.com with travel info.

DAY 1

Rise and shine ready for fun and adventure. After meeting our water taxi and a safety briefing, our captain takes us up Discovery Passage and safely through the infamous 'Seymour Narrows', renowned for its treacherous tidal flows and whirlpools. En route, sightings of marine life such as porpoises, dolphins, sea lions and whales are common. After the 2 1/2 hour journey we arrive at our remote wilderness base camp on Blackfish Sound. After settling into our new surroundings and having lunch we will have a kayak orientation and discuss safety procedures before setting off on an afternoon paddle. We will return in time for a fresh wild salmon dinner (alternatives of course for those who do not eat fish). Enjoy the sunset from the hot tub before retiring to rest for more fun in the morning.

DAY 2

After a hearty camp breakfast we will meet to discuss our plans for the day. Our route and schedule will depend on weather conditions, wildlife viewing opportunities and group preferences. Generally, we set out in our kayaks after breakfast and paddle to one of the area's many pocket beaches for a picnic lunch before paddling 'home' again in time for some relaxation time before dinner. On our way, we'll take breaks for stretching and snacks, and we always take lots of time to explore the intricate shoreline. For the very brave there is always the option of a dip into the chilly waters of Blackfish Sound before a restorative soak in the hot tub!

DAY 3

This morning we'll kayak the nearby waters and islands before returning in time for lunch. In the early afternoon we'll be met by our covered vessel for a 3-hour journey further into Blackfish Sound, Johnstone Strait or Queen Charlotte Strait, giving you the opportunity to explore areas beyond the reach of our kayaks.

DAY 4

This is our last day of exploration. After a final morning paddle we will pack up our things and soak up the last bit of tranquility before the water taxi arrives to transport us back to Quadra Island and the real world once again.

RETURN TIME

Our approximate return time to Quadra Island is between **3-5 pm**, however, due to the number of variables in wilderness travel we recommend that you plan to stay in the area for this night to avoid unnecessarily stressful complications should our return be delayed by something out of our control.

Please feel free to contact us if you would like to discuss your travel plans in more detail.

MEETING LOCATIONS

PRE-TRIP MEETING - DAY PRIOR

THE HERIOT BAY INN ON QUADRA ISLAND **6PM THE EVENING PRIOR TO YOUR TOUR**

Once on Quadra Island, follow signs to Heriot Bay and the Cortes Island ferry. This is West Road. Follow all the way to the end; curve left once at the Cortez ferry line up. The Inn and Pub is right on the water at the end of West Road. **PLEASE NOTE:** if you cannot make the pre trip meeting, please call us on the day prior to departure.

TOUR START - DAY ONE

You can meet either in Quadra Island or in Campbell River. If meeting in Campbell River, please call our office to let us know.

QUADRA ISLAND

THE HERIOT BAY INN PARKING LOT **8:15 AM**

Follow West Road all the way to the end; curve left once at the Cortez Ferry line up. The Inn is right on the water.

THE QUADRA ISLAND FERRY PARKING LOT **8:45 AM**

This is the main ferry terminal on Quadra Island located in Quathiaski Cove. Please ensure you do not enter the ferry line-up, but instead meet us in the ferry parking lot located to the right of the ferry building. Our van should be quite obvious, but if you don't see us, head to the ramp located directly behind the ferry building. This is where we meet our water taxi.

CAMPBELL RIVER

WAY WEST COASTAL VENTURES & WATER TAXI **8:30 AM**

The Way West Water Taxi office is located at the **Discovery Harbour Marina**, the largest marina on the Campbell River waterfront. To get there from the Campbell River city centre, travel north from town along Hwy 19A. The dock is located on the water behind the Superstore store and shops. Vehicles may be left in the gravel parking lot between Discovery Plaza and the ferry. Take the main ramp down to the docks and the Way West office is on your immediate left. Please check in with the Way West water taxi office. You will then come across to Quadra Island in the boat to pick up the rest of the group before heading off on your adventure.

PACKING LIST

On our Blackfish Sound basecamping tour we are transported to our wilderness base camp by boat which is equipped to carry all of our passengers, plenty of gear and is specially designed for safety and comfort. With this style of tour we are not restricted in the amount of luggage and gear we can bring as our gear does not have to fit in the kayaks. Although your gear will be stored in the cabin of the boat, you may want to waterproof some items, in the unlikely event that it may get wet while being transferring to and from boat.

At our glamping paradise on Swanson Island we have dry bags (waterproof bags) that will be given to you for use while kayaking. The small dry bags are great for cameras, sunscreen, and other small personal items that you would like to have near you. The larger ones will be for your spare clothing for the day.

TEMPERATURES

Please note that our summer temperatures from July until September are generally quite comfortable with temperatures from 18-30 degrees Celsius / 70-85 degrees Fahrenheit. It's not uncommon to find mid day summers hot enough to want to cool off in the ocean! June and later September will have cooler temperatures, and at ANY TIME OF YEAR we can have rain & wind, with temperatures occasionally as low as 13 C / 55 F. So, we say it is best to come prepared for any type of weather.

PLEASE NOTE WHAT WE PROVIDE:

- All safety & kayaking gear

Everything you need for the perfect glamping:

- Walk-in canvas tents on wooden platforms
- Real beds (2 twins or 1 king size)
- Thick soy foam mattresses
- Warm blankets, 2 pillows, linens
- Bath towels
- Flashlight / headlamp

- Mosquito repellent (Insects are generally not a significant concern for us on the coast.)
- Tea/coffee mug
- Dry bags
- Library of natural history books
- Camp binoculars (you may wish to bring your own pair for paddling)

If you have your own gear and would prefer to use it on your tour, please bring it to the pre-trip meeting so that we can make sure it is suitable and meets safety requirements. The following is a list of suggested items to bring along. If you have any concerns or questions about the list, please don't hesitate to contact us.

The following is a list of suggested items to bring along. If you have any concerns or questions about the list, please don't hesitate to contact us.

- Wetshoes** – A pair that can get wet such as sturdy full strapped sandals (such as Keens, Texas or Chacos), neoprene booties, crocs, or rubber boots. Please avoid flip-flops/thongs. Spirit of the West has a wide range of rubber boot sizes (youth – men's size 13) available to borrow free of charge if you don't have your own wet shoes or have limited space in your luggage. There will be an opportunity to try on boots at the pre-trip meeting.
- Camp footwear** – An additional pair of footwear that you plan to keep dry. Runners, trainers or light hikers are great.
- Hat** – A sun hat such as a baseball hat or full-brimmed hat as well as a wool or fleece warm hat for evenings or cooler days.
- Sunglasses & sunscreen** – A must for protection from sun and glare off of the water. Safety cords on your glasses are highly recommended.

- ❑ **Camera** – In a waterproof bag or case, or you may use our dry bags.
- ❑ **Bathing suit** – For the hot tub, or brave ocean swimmers!
- ❑ **Water bottle** – Bike bottles or Nalgene-style bottles work best.
- ❑ **Personal items** – Toothbrush, toothpaste, biodegradable soap/shampoo, washcloth, feminine hygiene products, hairbrush, etc.
- ❑ **Medication** – If you are bringing medication please ensure that; 1) The name and expiry date of drug is on the container; 2) You have the detailed instructions of your dosage and frequency; 3) It is packed in a water and sunproof container; 4) You bring a full extra dosage of your medication in a separate container to leave with your guide, in case you misplace or lose yours, or are weathered in. If you are flying, please pack all necessary medication in your carry-on luggage. This will help eliminate some stress should your checked bags be misplaced in transit.
- ❑ **Ziploc bags or other large plastic bag** – We will provide you with dry bags, but these come in handy for transporting laundry and/or wet clothing.
- ❑ **Gloves** (optional) – Biking gloves work well to protect your hands from blisters. If you are really concerned about cold hands, and are paddling in the spring or fall seasons, you may want to invest in neoprene gloves or pogies.
- ❑ **Beverages** – We supply a wide range of teas and coffee as well as juices. We also serve wine with dinner, but feel free to bring your own beer, or other alcoholic beverages or soda pops if you wish. Please note however that we do expect our guests to consume alcoholic beverages responsibly and strictly enforce a no alcohol on the water policy.

- ❑ **Fishing gear** (optional) – Make sure you have a valid B.C. fishing license. These can be purchased on-line at <http://www.pac.dfo-mpo.gc.ca/fm-gp/rec/licence-permis/index-eng.htm>
- ❑ **Personal books or journal**
- ❑ **Binoculars** (optional)
- ❑ **Gratuity for your guides** – at your own discretion

CLOTHING

Clothing should be suitable for the time of year, bearing in mind that it could become cold and wet at any time of year. Layering is the best way to regulate body temperature and maintain warmth. We suggest avoiding cotton (except for those hot days). Cotton has no insulation value when wet. An inner material that wicks moisture from the body and gives a comfortable dry feeling even while wet is the best first layer (Polypropylene, Lycra, Nylon, Polyester). A synthetic material such as fleece or pile makes the best second layer to provide warmth. Wool is also suitable.

- ❑ **Rain jacket & rain pants** – For the unexpected nasty weather. To test your waterproofness – jump in the shower and see if you stay dry! (we're serious!). If you would like to rent/hire raingear from us, please reserve in advance of the tour. Tops and bottoms can be rented for \$25 plus tax for the set.
- ❑ **Light windproof jacket** (optional)
- ❑ **Long pants** – 1 pair of fleece or warm comfortable pants. 2 lighter pairs made of a quick drying, synthetic fabric. Athletic style pants (running or yoga) are generally appropriate. Jeans are **NOT** recommended for paddling, but can be worn around camp.

- ❑ **Lightweight long underwear** – 2 pairs, helps to keep you warm at night or as a base layer during the day. We recommend one set for kayaking and one set which is reserved for sleeping and always stays dry.
- ❑ **Sweaters** – 2 warm wool or fleece sweaters (one may be all you need, but it is nice to have a spare in case one gets wet).
- ❑ **Long-sleeved non-cotton shirt** (synthetic/wool)
- 2
- ❑ **T-shirts** – 2 or 3.
- ❑ **Shorts** – 1-2 quick dry nylon
- ❑ **Warm socks** – 3 to 5 pairs (1 warmer pair for around camp)
- ❑ **Undergarments**
- ❑ **An extra set of clothes** that you may want to reserve for the end of the trip.

SANITATION IN THE WILDERNESS

The kayak cuts no grooves and leaves no scars, as it travels freely through the waters. However, on land, especially with the increasing number of kayakers venturing into new territory and seeking the untraveled path, we must respect our surroundings and be aware of our impact on these environmentally sensitive areas. Spirit of the West Adventures makes every effort to ensure we leave our area as we found it, if not better.

Where do we wash? Are there toilets? These are some of the most common concerns but questions not always asked. All of our camping & glamping sites are in wilderness settings - a true and beautiful wilderness

experience. However, as far as camping & glamping goes, this is a relaxed and comfortable set-up. With outhouses and showers with stunning view into the rainforest or overlooking the Pacific ocean you'll feel better than at home.

While out on our day excursions with the kayaks, your guide will discuss proper elimination techniques and suggest a suitable private area. Your guide will carry a toiletry bag complete with toilet paper, Ziploc and paper bags as well as hand sanitizer. If you have any concerns while on tour please do not be shy to ask your guide – they are very used to making sure everyone feels comfortable while in the wilderness.

FREQUENTLY ASKED QUESTIONS

Below is a list of commonly asked questions. Feel free to visit our website, select your tour and find an even more detailed FAQ section. Of course, feel free to contact us with any questions at all, before or during your trip. We are happy to help you find the perfect tour for you and your comfort is very important to us.

What is the minimum age required to join our tours?

We cater to all ages of adventurers. Kids age 5 to 12 are encouraged to join the Family Orca Tours which have been designed with the needs of younger kayakers. For all of our other regularly scheduled tours we prefer a minimum age of 12. If your child is almost 12 or your family has a good deal of experience kayaking and camping we do occasionally make exceptions. We like to assess each case individually. We can also organize private, custom style adventures. Feel free to call us and we would be happy to discuss the options.

What is the average age of our guests?

We have guests from age 5 and up on our family tours and ages 12 to 85 joining our regularly scheduled tours. The average age ranges between age 30 to 65. Each tour and tour date is different, but we usually get a good mix of ages. For those concerned with being in 'their older years' or anyone unsure of which tour fits them best, we welcome you to contact us and we will be happy to help you find the perfect trip.

Are there any single supplement fees if I am travelling on my own?

There are NO single supplements. We encourage solo travelers to join us and often have several solo travelers on each tour. It should be no problem to have your own tent and you will have access to both single and double kayaks.

Can you accommodate food allergies/special diets?

Our food preparation crew are masters at accommodating dietary restrictions. We are able to offer gluten-free, vegetarian, pescatarian, dairy light and vegan menus with prior notice. Other dietary requests may involve additional charges and need to be discussed in advance with our food crew. We are NOT a nut-free facility.

Will I comfortably fit in the kayaks?

If you are over 6ft (182cms) tall, if you are on the more petite side of things, have larger hips or weigh over 250lbs (115 kg) we have certain kayaks that may work best for you. Please give us a call and we can ensure we have the appropriate kayak available for you.

What is included in the tour costs?

We supply everything that you will need for kayaking and camping except for a few personal items such as your clothing, toiletries, sleeping bag and rain gear (**sleeping bags and rain gear can be rented if needed**). Please note that bedding is provided on the Whales and Wilderness Glamping tour.

We pick you up free of charge from your accommodation on Quadra Island on the morning the trip starts and we will drop you off there when the tour is finished.

We provide all meals from morning snack on day one to lunch on the last day. Non-alcoholic beverages including a wide variety of teas, coffee, juices, hot chocolate are provided. Meals on the Whales and Wilderness Glamping tour are paired with wine. Alcohol is not provided on any other tours and you are welcome to bring your favourite wine, beer or pop to enjoy responsibly. There is a grocery and liquor store very close to the location of the pre-trip meeting if you would like to pick up extra beverages on the evening before the tour. There are no additional costs once on our tour unless you wish to purchase souvenirs.

What do I need to bring?

We send you a complete packing list a few weeks prior to your tour to help you prepare. If you would like to see what type of clothing and items we recommend visit kayakingtours.com/detailed-trip-info/ and select your tour. (Please note the packing lists (**page 4**) between tours varies so choose the correct trip for the most accurate information).

How much kayaking experience is required?

Our adventures are designed to cater to all levels of experience and abilities from first-timer to expert paddler. We have several different styles and lengths of tours so that everyone can find the perfect trip.

If you are new to kayaking and camping check out our base-camping style tours- the Whales and Wilderness Glamping and Johnstone Strait Ultimate tours.

If you are looking for more rustic camping and more paddling check out our expedition style tours; the Johnstone Strait Expedition, Orca Lite, Nuchatlitz, Desolation Sound or Great Bear Rainforest Tours.

Do I need to be in great shape for this trip?

The majority of our adventures are not considered to be overly strenuous or physically demanding and therefore do not require a high level of fitness. Each tour is slightly different in its demands so if you are concerned, please do contact us. As a general rule, you need to be capable of a few hours of moderate exercise each day and be comfortable with the uneven ground of a wilderness environment. The Whales and Wilderness Glamping tour can be suited to folks with mildly limited mobility or those who wish to be in the wilderness, but not do any kayaking (you can always choose to stay at camp on our base-camping style tours). Please keep in mind that good general health will go a long way towards the enjoyment of your tour. Most important though is an adventurous spirit.

How much paddling do we do each day?

Paddling time will vary depending on the trip, our destination, weather conditions and the group's abilities and desires. Generally, we travel between 3-5 hours a day on our

base-camping style tours (the Johnstone Strait Ultimate and Whales and Wilderness Tours) and slightly longer (4-6 hours a day) on all of our other tours, not including breaks and lunch. We set a pace which is manageable and enjoyable for all.

How stable are the kayaks?

What is the likelihood of flipping over?

The kayaks we use are stable and designed for comfort. Your guides will give you thorough instruction on how to safely use and enjoy the kayaks and what to do in case of a capsize. For those concerned about capsizing, the double kayaks are slightly more stable than the singles and we have a variety of both singles and doubles on every trip. The likelihood of a capsize is minimal and if it does happen your well-trained guides will be there before you know it to help.

What happens if my kayak flips over?

In the rare event of a capsize, all of our guides are trained in rescue procedures in order to quickly and efficiently get you back in your boat. At this point, we will take you to the nearest shoreline to change into some warm clothing and carry on with our journey when you are ready. While we are out on the water, it is of the utmost importance that the group stays together for safety.

If the weather turns bad? Will I be comfy and warm?

Our weather in the Pacific Northwest is generally pleasant from May through until September. In the Johnstone Strait area, the weather will generally be cooler than what you may see on the forecast for Campbell River – sometimes by as much as 10 degrees. Fog is very common on summer mornings, however, this nearly always clears at midday. Although it is uncommon, it can rain in the summer. Be prepared for any type of weather and you will stay comfortable. Layering is the key. It allows you to put on or take off layers while on the water if you need to. If you are very concerned about the weather then we recommend our base-camping style tours as these campsites have covered eating and lounge areas as well as dry tents to come home to at the end of every day. On our expedition style tours we carry tarps but we are a little more at the mercy of mother nature in these more rustic style campsites.

What sort of wildlife might we see?

The diversity and abundance of wildlife in the Pacific Northwest is one of our great privileges. From the rich marine life of colourful plants and invertebrates, seabirds, shorebirds, waterfowl, mink, otter, seals, sea lions, dolphins, and whales, to the land animals of deer, raccoons, cougars, wolves, and bears, we are bound to see something.

For those with an eye for eagles take note that they are most prominent in the earlier months before the salmon migration in the late summer/early fall.

For those keen to see humpback whales- you are in luck. The population of humpbacks in our area is doing well and we are fortunate to often see these whales any time of the year. If Orcas are your main priority then we recommend traveling between mid-July and mid-September. While it is possible to see orcas outside of these times, we see them with the greatest abundance and frequency during this peak period.

Please just remember that wildlife is just that wild and we cannot control sightings. That said the whales are the icing on the cake in this stunning, rich and diverse area.

Where is the best place to see orcas/killer whales?

On our tours to Johnstone Strait and Blackfish Sound, which includes the Whales and Wilderness Glamping Tour, the Johnstone Strait Ultimate, Family Orca Tour and Orca Lite tours, we stand a high chance of seeing whales, especially between mid-July and mid-September.

Understandably we cannot guarantee what nature will dictate, but we can tell you that this area has one of the highest concentrations of Killer Whales on earth and this is where they spend their summer holiday. Some trips view the whales from the kayaks, some while traveling on our water taxi or from our campsites on the shore and some see all of the above.

How close to we paddle to whales & other wildlife?

We do our very best to provide awesome sightings of whales but all the while ensuring that we do not disrupt the natural behaviour of all the wildlife we encounter. We abide by the Canadian whale watching regulations which means we do **not approach killer whales (orcas) any closer than 200 meters (656 ft) and all other cetaceans no closer than 100 meters (328 ft).**

To learn more about how we do our best to minimize our impacts on whales check out nimmsa.org the North Island Marine Mammal Stewardship Association. Your trip fees help to fund whale research and conservation efforts through the NIMMSA fund which Spirit of the West Contributes too.

What is the camp setup like?

The Johnstone Strait Ultimate tour, while in a wilderness setting, offers some amenities to make your stay quite comfortable. Amenities include a covered dining area, large dome-style tents on wooden tent platforms, thick Thermarest-style sleeping pads, pillows, a wood-fired hot tub and a hot water shower with a view of the ocean. If you are looking for the most comfortable camping experience than the Whales and Wilderness Glamping tour is for you. This trip provides large walk-in canvas wall style tents, real beds with organic soy foam mattresses, pillows of various levels of firmness, warm bedding, a hot shower, wood-fired hot tub, a professional chef and a million little touches to enhance your wilderness experience.

Where do we wash and are there toilets?

Johnstone Strait Ultimate and the Whales and Wilderness Glamping tour have hot freshwater showers and established pit style outhouses.

On all other tours, there is very little fresh water to be found. Therefore, seawater is your best bet for washing up. **Please use biodegradable, environmentally friendly soap brands.** Toilet facilities are not common in most wilderness settings, although some areas may have pit toilets. We also carry a portable toilet system. Your guide will generally designate an area that works for ensuring your privacy. We are very accustomed to making sure all of our guests feel comfortable and informed – please feel free to ask us any questions you might have, before or during your tour.

ACCOMMODATIONS

WHILE ON TOUR

For this tour we provide white, bright and spacious cotton canvas tents made here on Vancouver Island 10×12' (3×3.6m). They are 8' (2.4m) high at the peak so have ample room for standing up and moving around with ease. The screened windows and front door provide sweeping views of the forest and and/or ocean. The tents are perched off the ground on cedar platforms, helping to protect the delicate ecosystem below.

Inside your tents are 2 twin beds which can be pushed together to make a king size if desired. These beds are handmade by our wonderful crew with locally milled red cedar and beach driftwood accents. The beds each have a 6-inch thick soya foam mattress, 2 pillows (one soft and one firm to ensure a good night's sleep), crisp white linens, a warm duvet and fleece blankets for those cooler nights. Bedside tables, crafted from local wood, hold a lamp for reading and a hot water bottle to help take the chill off when you crawl into your bed to dream about what's in store for the morning.

Please note that tents are accessed by forest trails that may be uneven and traverse some roots and rocks. Guests are generally responsible for carrying their own luggage to their tents, but please ask one of your guides if you require assistance.

VANCOUVER ISLAND is accessed from mainland British Columbia and Washington State in the U.S. by ferry service or flights. If you are driving from Seattle, allow the full day to get to our area. Vancouver and its two ferry terminals are approximately 3 hours drive from Seattle. From Vancouver, ferries go to Victoria or Nanaimo. If you are traveling from south of Vancouver take the Tsawwassen–Nanaimo route (closest to Vancouver airport). If you are coming through Vancouver take the Horseshoe Bay–Nanaimo route. Travelers from the USA can also take ferries from Anacortes, Port Angeles and the Seattle area to Victoria on the south end of the island. If you are travelling by car, please note that the ferries can get quite congested during the summer months, so we advise you to get an early start or make a reservation.

Victoria is 165 miles (265km) south of Campbell River. Campbell River is approximately a 4-hour drive on Highway 19 from Victoria, and 2 hrs from Nanaimo with 95 miles (153 km).

CAMPBELL RIVER is centrally located on the east coast of Vancouver Island. Campbell River Regional Airport (YBL) is approximately 40 minutes from Vancouver by air and 1.5 hours from Lake Union (Seattle) by air.

QUADRA ISLAND is a 10 minute ferry ride from Campbell River. Please check the information under **FERRY SERVICES** on page 14.
